

## LLI COVID-19 / HEALTH POLICIES FOR IN-PERSON EVENTS

The following guidelines are in effect for attending LLI in-person classes and events for 2023-24. These guidelines may be changed as circumstances warrant.

- We will comply with the masking and vaccination policies of our venues, and inform attendees appropriately. In general, we do not require masks, but masking by any individual is welcome.
- We strongly encourage attendees to be up-to-date with vaccinations for COVID and other seasonal viruses (e.g., influenza, RSV).
- Please do not attend any in-person event if you have symptoms of COVID or other respiratory illnesses. If you have recently tested positive for COVID, do not attend until you meet the [Virginia Department of Health recommendations](#) for quarantine/isolation.
